

How To: Login CAC-free to MNP

To log into MyNavy Portal without the use of a CAC, first go to my.navy.mil. Click the Login button and select the CAC-FREE LOGIN option. If you do not have a CAC-free account, you must first set up a username and password through the CAC-free setup process.

If you are asked to Select a Certificate, select Cancel.

Enter your MNP account **Email** and **Password** and then select **Log In (CAC-free)**

Log in with your MyNavy HR Account

You will not be able to login if you have not previously setup your CAC-free account on MyNavy Portal. To find out more about setting up your CAC-free account click on the "Need Help Logging in?" link below.

To update, reset, or unlock your password, click on the "Need Help Logging in?" link and follow the appropriate steps.

You should see the option to select which type of multi-factor authentication (MFA) to use. If your mobile device does not have a strong internet connection, you may enter a code rather than verifying the push notification.

Log in with your MyNavy HR Account

You will not be able to login if you have not previously setup your CAC-free account on MyNavy Portal. To find out more about setting up your CAC-free account click on the "Need Help Logging in?" link below.

To update, reset, or unlock your password, click on the "Need Help Logging in?" link and follow the appropriate steps.

Select from the following options

	Enter a code Okta Verify	<input type="button" value="Select"/>
	Get a push notification Okta Verify	<input type="button" value="Select"/>
